Ha! Change in leadership! We quote directly from the newspaper articles, right?

Please note, assuming the 15 day comment period starts tomorrow, it would close on Dec 16. It is a reasonable assumption that there will be some comments. Addressing them fully and wrapping it all up for EPA before the end of the month is in my opinion, unlikely. The original document was out for 30 day public comment from August 20 – September 21.

Hi Michele,

Just got off the phone with Orcutt and the updated package has been finished. The Public Comment notification will start tomorrow (for 3 days) and the 15 day comment period as well. So, I think the AE package will be on your way sometime this month. Regards,
